

Committee : Special Political and Decolonization Committee

Topic : The Somalia Conflict : Implications for peacemaking and peacekeeping efforts

Country: Ukraine

In the time period of the mutinies, the raids, the invasions, the assaults etc. were occurring the Ukraine was a part of the Soviet Union from 1922 until 1991. The catastrophic unrest in the region genuinely affects our whole world in an unacceptable way, not just our country. We are absolutely aware of the fact that the hostilities, the rebellions affect life of the people living there.

As a country struggling with the wars and conflicts these days, we would be happy to; significantly reduce all forms of violence and related death rates around the region, end mistreatment, victimization, trafficking and all forms of violence against and torture of children, promote the rule of law and ensure equal access to justice for all people living there.

Thank you for your attention,

As a result we would like to find a significant way to make and keep peace in Somalia.
