Committee: SPECPOL

Topic: Israeli-Palestinian Conflict: The Military Occupation of the Gaza Strip and Implications

Country: Republic of Colombia

Delegate: Nazirakhon Abasheva

Israel-Palastine conflict has been going for so many years. It began in 1948 with Arab-Israeli war. On 14 May 1948 British Mandate of Palastine was ended and Palastine become an independance country. Arab states entered the territory of British Palastine in the morning of 15 May 1948. However it transformed into a conflict between Israel and Arab states. In 1967 there was conflict between Arab states and Israel. As a result of this war Israel took control of the Gaza Strip and Jarusalem. In 1973 on the Jewish holy day of Yom Kippur Arab coaliation launched a suprise attack against Israel. At the end of the war Israel signed a formal ceasefire agreement with Egypt and Syria. In 1987 the Israeli-Palestinian Conflict escalated with th First Intifada. It coused violent riots by the Palestinians across the Gaza Strip and West Bank. It resulted in more than 1,000 Palestinians and an estimated 164 Israelis being killed. In 2008 the first argument came on between Israel and Hamas. On November 2012 Israel and Hamas reached ceasefire. On October 7, 2023 Hamas attacked to Israel. Estimated 1,200 Israelis being killed and 240 being taken hostage. On October 2023 Israel formally declared war on Hamas.

Israel and PLO signed Oslo Accords in 1993. They marked the start of the Oslo process, a peace process aimed at achieving a peace treaty based on Resolution 242 and Resolution 338 of the United Nations Security Council, and at fulfilling the "right of the Palestinian people to self-determination".

As Republic of Colombia we had diplomatic relations with Israel for a long time. However we are not supporting Israel. After Israel's bombardment of Palestinian civillians in Gaza we recalled our ambassador from Israel. We are supporting establishment of independant Palastinian state alongside Israel within mutually agreed-upon borders. We are totally toward to war. It couses so many deaths and destructions. It affects important things like economy and diplomatic tension.

Israel have to stop war. Israel and Arab states have to mark an agreement.
