Afghanistan,officially Islamic Emirate of Afghanistan,is a country in the south of Central Asia.It's area 652.000 km.Pakistan in the east and South Iran in the west;Turkmenistan,Uz-bekistan and Tajikistan in the north;In the northeast it borders with China.There is no seas-hore.It's population is 38 million in this population %39 Pashtun,%37 Tajik,%11Hazara, %8 Uzbek and %2 Turkmen living.The capital and largest city is Kabul.The official languages are Dari and Pashto.Afghanistan's flag has 3 colors,black represents it's troubled 19th century history as a protected state,red represents the blood of those who fought independence and green represents hope prosperity for the future.

Ignoring women's rights is a huge problem in the world.National Geographic made a list of places where women's rights are most ignored and Afghanistan took the second place in this list.Women in Afghanistan live in very difficult conditions,they do not have the right to say their ideas and express their feelings,they can't wear what they want.These decisions which emerged with the Taliban bans,restrict the lives of women.Alson Taliban bans definitely same to underage girls.Girls can't go to school because of these rules.Women in Afghanistan said that "Even we don't have any place to breathe." Women in Afghanistan have very bad psychology because of these reasons.20.000 women are killed Afghanistan in a year because of nonsense reasons.There is definitely no justice,for example:When a man passes in red light just warning however if a woman passes the policies even can hurt her physically.They think that Islam is based on torturing women.They don't care women,Taliban don't believe women rights.

As the Islamic Emirate of Afghanistan we're very concerned about this problem.Women need to wear whatever they want,they must give vote,they should go to school,they can say their ideas without scaring,they should express their feelings.So they must be free,they are equal with men.Men do not have superiority over women,they are equal.If men can do something women can also do.We need to deal with this problem,otherwise we will give women loss.
